TO OUR VALUED COMMUNITY CARE FOR CENTRAL HASTINGS CLIENT

We are writing to inform you that we have adopted an electronic sharing system that allows us to share your health information with other service providers in your Circle of Care, such as the hospital and your primary care provider, who need to review this information in order to better serve you.

If you have any questions or concerns regarding the electronic sharing system, please contact the Client Coordinator at (613) 473-9009, ext. 5005, or choose option 4. The information you share will be protected under the Personal Health Information Protection Act.

Thank you,

Pat Dobb
